Archery Committee

The Archery club gets together Monday night indoors from 7 till 9 to shoot a round of 3D targets.

The indoor range has a green arrow curtain that can be pulled in front of the pistol backstop. The curtain is rated for a 50lb bow using blunt bullet tip points. We have target bails and foam blocks to be placed between the targets and the curtain.

This is to prevent damage to the curtain and to your arrows in the unlikely chance you miss.

On the outdoor archery range target houses have been placed at 20, 30, 40 and 50 yards. Crossbow speed bags are installed on all the target houses. Please put the crossbow speed bags back on top of the foam blocks to keep them out of the weather when you are finished.

Good News! Broadheads can be shot at the Styrofoam blocks in the target houses. Just be careful when removing the broad heads and pulling out large chunks of the foam.

PLEASE DO NOT SHOOT BROADHEADS AT THE "CROSSBOW SPEED BAGS" OR ANY OTHER TARGET ON THE CLUB GROUNDS.

Pistol Team/Indoor Range

PLEASE NOTE: THE CORRECT TIME FOR OUR WEEKLY SHOOT IS 5PM.

I start off this month by saying how much I appreciate all the extra attention the indoor shooters are giving to the range. We replaced light bulbs during our range overhaul in mid-October and NONE has been shot. No shots have gone into the ceiling, either. Good job, everyone.

I have one more request, and it involves the door leading from the main meeting room to the

indoor range. This would be the door that you use your pass card to open. This door serves several purposes. It keeps unauthorized people out of the range. It also protects the hearing of those individuals in the main meeting room. In cold weather, it also keeps the heat from escaping the main building. The small room between the security door and the wooden door of the range is unheated, as is the range itself. If you close the range door but leave the security door open, then we have cold air from the unheated portion of the range entering the main building. When using the indoor range in cold weather please note whether the security door is closed. If it is not... close it!

Definition: Guest Pass: An item you purchase to bring ONE (1) friend or family member to Branch Valley to participate in an activity and comply with ALL club regulations. You may not bring more than one individual and "share"

your guest pass unless you are tired of being a BV member yourself.

Definition: Family Membership: Parents or legal guardian and children UNDER 18 years of age at issuance of club yearly ID. This is strictly enforced and can, and probably will, result in removal from membership.

Warning: I will be cooking for the meeting (venison chili, Thanks to Jack Hoy) so you might want to slip a few TUMS in your pocket

Grounds Committee

The Grounds Committee is looking forward to winter. We desperately need your help with ground care this year.

Please consider stepping up to do some mowing and grounds work. A few volunteers would make the job that much easier.

For specific details and to put your name on the list please reach out to Mike Reiner or any Board Member.

Presidents Corner

I hope everyone had a great holiday with family and friends.

With all the warts we may think our country has in this current environment it is still the greatest nation on God's green earth to be able to gather and celebrate the season.

For those that know me, I do speak my mind. With that being said, it was a bit disappointing at the December meeting as we reached out to the members present, and there were many at meeting as the room was quite full and no one stepped up. We have a very good recording secretary in John Youells but we are losing him to the warmer weather down south. The position requires 30 to 40 minutes per month. John will be at the January meeting to help you get started in this very necessary position. So see me before the meeting and we will get this position filled.

Now that the holidays are behind us it is time to dust off the old flintlock and fill a tag or two. Here in Pa's southeast, we have an extended season to get the job done. This is not the time to put in long hours at work because it won't be till September at our next opportunity to get more venison in the freezer. So, get out and take a youngster with you.

See you at the meeting.
Gary Englemann President
