*Outdoor Ranges: Bob Gular &

Chris Seitz Hello to all the members. Range repairs are still underway with the current scope of work being directed at the twenty-five yard overhead baffles and the backstop medium retaining wall on the fifty yard range. We will be scheduling a workday to affect these

repairs as they are a bit extensive for the Monday evening crew (thanks people) to do by themselves. The problem on the fifty yard range is mainly because of age and decay, the problem on the twenty-five yard range is caused by poor shooting.

The brass collection containers are working well. Selling the scrap brass has added several hundred dollars to the range improvement fund this year. Which brings me to this next point. The policy concerning spent brass is: The brass you bring with you is the brass you take with you. Brass left on site is collected and sold for the benefit of the membership and is not to be removed by individuals for their own benefit.

Thanks to Kathy Michener and her crew for bringing the Women on Target event to the club. This was an event to introduce women to the shooting sports and for the most part went very well. The only complaints I heard were about recoil and the weight of the black powder rifles. I hope we will be doing this again.

In the still beating the dead horse but he keeps getting back up department: Shooters, please familiarize yourselves with the rules of the range and follow them. Our safety record is second to none, and we want to keep it that way.

Would the two gents who volunteered to do the roof work on the storage shed behind the 50 yard berm, please advise your names and phone # to the outdoor range chairman...thank you.

***Shotgun Committee:**

June 2010

It's definitely spring as we find ourselves into the "Dads & Grads time of the year. Remember to give them the honors due, as they are deserved.

Note: The State Police have concluded their training and there are no restrictions on the 100 yard and indoor ranges in their morning use.

I continue to hear from those who have attended Wednesday night trap shoots. They enjoy what we have to offer here and then request to join the club. Unfortunately, they must be advised that our roster is full and if they wish, they may go to our website and download an application and submit it and be added to the waiting list.

The balance of the trout stocked previously is reported to be low, as there was a large success rate by our anglers. Way to go, as this is what the purpose of the fishing program, run by Paul Schwartz is all about. Thanks Paul, for a great start to the fishing year.

Not too much else happening at the moment but give it a minute and everything will change.

See you at the meeting, 1st Tuesday in June. Dave. pa371@verizon.net

***Kitchen:**

We will have pork barbecue, hot dogs, strawberry pie and assorted beverages ready for you to enjoy at this month's meeting. Kay & Kathy

***Women's Activities:**

Our **NRA Women On Target** event was attended by 32 women. Thank you again to all of our instructors for a job well done!

Our **WOMEN IN THE OUTDOORS** event will be held on Saturday, Sept. 11 here at Branch Valley. See the bulletin board in the clubhouse for flyers or you may contact Kathy Michener at 215-249-9367 or jamkat1105@comcast.net for more information.

Report any problems to the BOD.

Any other club news, please send to club email account which is bvfgf@hotmail.com
